

INNOVATIONS LIGHTING

CREATIVITY MEETS EVOLUTIONARY DESIGN®

**SECOND EDITION
MAIN CATALOG**

The success of Innovations Lighting is a byproduct of our company's vision which focuses on the following **FOUR core values...**

Partnership with our customers is key element which encompasses an open line of communication and creating mutual trust. This is key to creating a long term enduring relationships.

People in our organization are motivated to provide the best possible service that is supportive, understanding and compassionate.

Productivity is obtained by organized systems, efficient processes that are attainable and effective.

Portfolio brings to the marketplace an ever growing innovative and creative design concept that is mindful of customer needs and staying on design trends.

With all this in mind there is no doubt that our products are infused with the **best design, highest quality and timely customer service** which are all delivered by the good people of Innovations Lighting.

At Innovations Lighting we maintain **SIX key components** that enhance and complement our company's vision and guarantee your satisfaction...

Quality of our products and design inspiration is an inherent part of how we go to market.

Commitment to quality, fair price and excellent customer service is at the forefront of our daily operations.

Teamwork is imperative to maintaining transparency and cooperation at all levels of the company.

Integrity for us is an indispensable component for doing business enhanced by an adherence to high moral and ethical standards is a hallmark of our company.

Mindfulness is investing in our employees, infrastructure and inventory so we can continue to grow.

Excellence is the culmination of our core values providing the necessary formula for obtaining new customers and maintaining current ones.

Decades of expertise & a love of handcrafted artistry...

Innovations Lighting was founded in 2014 in Westchester County, New York. This venture was a landmark of my 40th year in the lighting industry. My career began with the iconic Geringer and Sons, founded in 1913, which later led to my partnership with Leonard Geringer, my mentor. From this experience, I have learned a simple strategy for success:

"Create a quality product at a fair price, make a commitment to service and the customer will repeatedly purchase with confidence."

Our teammates are family, and family is good business...

The success of Innovations Lighting is not only about the product, but the attitude and commitment of the people we have. It's about honesty and being genuine, humble and transparent. I believe in a higher power to guide us. This [way of life] makes us better people. I thank and pray to God every day and don't take our family, friends, employees, reps or our customers for granted. We all feel like a part of something great. I'm grateful for the clarity to surround myself with good people and the ability to help the next person or customer.

Robert

Robert B. Marash
CEO/Founder

What's the "BUZZ" about... Innovations Lighting "Creativity Meets Evolutionary Design"

With an intuitive design background and in-depth manufacturing experience, Robert developed a concept not yet thought about in the lighting industry. The inspiration came from years of seeing customers compromise while purchasing lighting. With the consumer in mind, Innovations Lighting was born to create a customizable experience. The Innovations staple "MIX & MATCH" concept allows the customer to create their perfect fixture without settling. The concept was developed to revolutionize the selection process giving anyone purchasing lighting unlimited options. Now, lighting fixtures can be designed to match any finish in any space. This unique line has now grown to 18 premium finishes and hundreds of shade options in different shapes, sizes, and finishes. In most of our fixture collections, there are 11 metal finish options and hundreds of shade options to choose from creating endless possibilities for our customers!

With all the options available, you never have to compromise on lighting fixtures ever again.

In addition, we also have a comprehensive **Custom Cord Program** described within this catalog which allows everyone to design single pendants and/or multiple pendants. Hundred of options are available creating over 10,000 possible combinations.

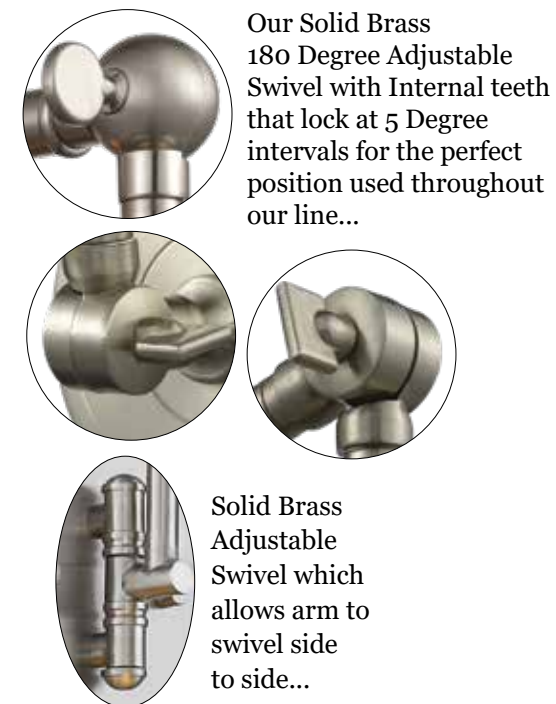

We hope you enjoy our Second Edition - Main Catalog

What's the "Product" about... Quality • Design • Versatility

18 Premium Finishes...

Solid Brass Adjustable Swivel Mounts...

We feature Thick Glass Shades and Heavy Spun Metal Shades...

On-Off Switches on Wall Sconces and Pendant Sockets...

The Newton & Pilaster Collections are beautifully crafted Restoration-inspired fixtures. The extraordinarily Thick Clear Glass Shades and Heavy Spun Metal Shades are offered in four distinctively elegant designs. These fixtures have quickly become one of our most popular designs.

The Newton Collection features an assortment of Cone, Globe, and Bell shape pendants in Five sizes of shades (8", 10", 14", 16" and 18") available in glass and several premium metal finishes.

The large scale 16" & 18" pendants truly make a grand statement in any residential or commercial setting. Both collections offer pendants, flush mounts, two & three light vanity fixtures, and sconces.

The Pilaster Collection offers multiple sizes of cylindrical glass fixtures. The Pilaster Collection also has a cylindrical metal pendant and matching wall sconce. Mix & Match to create the metal finish combination to show off your style.

916-1P-SN-G73L

Introducing a new look to our popular Ballston Collection. We added a special glass holder on the existing Ballston frames creating the new Ballston Urban Collection. This change allows us to use the extensive selection of glass and metal shades in our Franklin Collection on a Ballston Frame. The result is a fresh new look that combines our two most popular styles. Welcome to the Ballston Urban Collection...

Our “MIX & MATCH” Custom Cord Program was specifically designed to provide an easy and versatile way to create your fixtures. This comprehensive program is the perfect complement to creative and innovative imaginations.

There are over 10,000 configurations allowing everyone the opportunity to design and create a perfect fixture to fit any space.

There is no need to worry about the extra wait time for a custom order. We have the expertise and capability to assemble, build and ship your custom order promptly.

To Order Custom Cord Fixture as Shown:

- (1) 126-SG - 12 Light Multi-Port Canopy
- (12) 010-BK - 10 FT Cords
- (12) 001-SG - Socket Covers
- (5) G1213-6 - 6" Deco Swirl Glass
- (4) G1213-8 - 8" Deco Swirl Glass
- (3) G1213-10 - 10" Deco Swirl Glass

To Order Custom Cord Fixture as Shown:

- (1) 106-BK - 6 Light Multi-Port Canopy
- (6) 010-BK - 10 FT Cords
- (6) 002-AB - Socket Covers
- (6) G802 - Clear Glass
- (6) 009-BK - Cast Hooks

The following pages show how easy it is to create your own unique personalized fixtures.

The Innovations team is always available should you have any questions or need design assistance along the way.

STEP 2 Select a Fabric Corded Socket

Cords come pre-wired with 3 conductor grounded porcelain socket, damp location rated 660 watt/120V. All our fabric covered electrical cords are insulated with an SVT rubber jacket. All our cords are UL & CUL listed.

Fabric Cords are Available in 10 FT, 20 FT, 30 FT Lengths

FABRIC CORDS	ZEBRA	WHITE	GRAY	BLACK	BROWN	COPPER	ROPE
10 FT	010-BW	010-WT	010-GY	010-BK	010-BR	010-CR	010-RE
20 FT	020-BW	020-WT	020-GY	020-BK	020-BR	020-CR	020-RE
30 FT	030-BW	030-WT	030-GY	030-BK	030-BR	030-CR	030-RE

CUSTOM CAPABILITIES

No matter what project you are working on, if you have requirements that do not fall within the specifics in our catalog, feel free to contact us. With our Special **Custom Capabilities** option, our overseas manufacturers can modify our light fixtures specifically to meet your needs. Our Special **Custom Capabilities** department will work with you to discuss your project in more detail and get you the perfect fixtures to match your space.

Examples of modifications might be; longer cord lengths, paint socket covers, or metal shades in a unique finish to match a company's color scheme or Corporate Logo. In most cases, we can reproduce any light fixture that you have drawn, designed, or imagined.

Send all requests to: customcapabilities@innovationslighting.com

Since these orders are for your Custom needs, we will have no use for them after they are made. Therefore, all orders are non-cancelable and non-refundable so please be certain when you place your order.

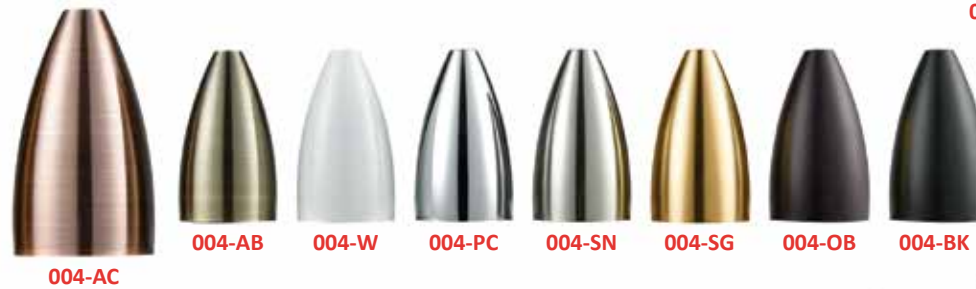

**Special Custom Capability orders have a Minimum Order Quantity of 50 or more pieces per individual item. Lead time usually runs approximately 10-12 weeks. Since these orders are for your Custom needs, we will have no use for them after they are made. Therefore, all orders are non-cancelable and non-refundable so please be certain when you order them.
